- Zapf, Hubert. *Kurze Geschichte der anglo-amerikanischen Literaturtheorie*. München: UTB, 1996. Print.

This list is aimed at all students of American Studies – from "absolute beginners," who have just started to study to "old hands," who are about to conclude their course of studies. It is strongly recommended to make use of these books when studying for an exam, working on a presentation or a research paper, or just preparing for a class. Nevertheless, further research for secondary literature on specific topics is absolutely essential as well. Asterisks* mark the top ten recommendations.
